

Reading and Literacy Program Volunteers Needed

The Early Learning Coalition (ELC) of North Florida is looking for volunteers to read to children in local preschools and to help with putting on themed literacy programs.

Reading to young children sets the groundwork for a child's future ability to read and learn.

Reading volunteers read once a week or bi-weekly. Literacy program volunteers volunteer as needed, putting on themed programs in schools such as Space, Ocean, Dinosaur and more. You are part of a team that puts on the programs.

Join us!
If you:

- Love young children
- Are animated
- Love to read
- Love to do hands on activities
- Want to make a difference

If interested in the Clay County training, contact Lacy Doss at:
